MARINA & WATERFRONT RESIDENCES

A SUMPTUOUS WATERFRONT DEVELOPMENT ON A LEGENDARY LOCATION

Set on the renowned Kapu Kai site and offering direct access to a natural bay, BAYSIDE is an idyllic spot surrounded by natural beauty set within a tropical environment.

With only 12 apartments and 3 exclusive penthouses overlooking the awe-inspiring Coin de Mire island, BAYSIDE is your private oasis to own.

MONT CHOISY GOLF ESTATE

SPIRITED LIVING IN GRAND BAY

Boasting sunbathing weather all year round, BAYSIDE is situated in the most sought after region on the island.

The property lines the major coastal road, offering everyday convenience accessible for a carefree lifestyle and multiple restaurants, luxury shops or sport activities such as a running track or a lush golf course available nearby for the most energetic.

AIRPORT

RECONCILING AUTHENTICITY & MODERN ELEGANCE

The architectural design was inspired by the amplifying demand for “convenient luxury and seafront living” by using elegant yet trouble free materials in the design of the sophisticated façade.

The interposed buildings create a sense of motion, fully opened onto the views that extend to a well-integrated tropical garden and across the bay to the unrestrained horizon.

STYLISH AND
FUNCTIONAL DESIGN

The kitchen design is a mix of elegant materials, clever storage units and fully integrated appliances to maximize space and practicality in an open plan configuration.

A RESTFUL SANCTUARY

The generously sized bedrooms benefit from breath-taking views. The master suite is particularly attractive for its walk-in closet and its ocean views.

Bedrooms feel fresh and bright. The soft colors and sleek textures of the decor set a restful atmosphere.

THE ART OF INDOOR LIVING

The open plan living room is carefully designed with sober lines and a neutral palette to set a modern decor and relaxing ambience. Authentic elegance, tranquility and intimacy preside. After all, the pleasures of modern island living start with an inspiring home.

BAYSIDE

BIRD'S EYE VIEW

The rooftop has been ingeniously configured to take full advantage of the views. This contemporary accommodated space is the ideal spot to admire the iconic Coin de Mire island surrounded by the neon-blue waters and when the time is right, the gorgeous sunsets will undoubtedly take your breath away.

BAYSIDE

THE BOAT HOUSE

With the bay's international reputation and natural sea walls, the Kapu Kai site is ranked as the perfect location for the installation of a marina on the island.

Should the permit be obtained from relevant authorities, owners at BAYSIDE will benefit from preferential rates on an exclusive membership to the Boat House as well as their own berth. A Professional Yacht Management company will be given the day-to-day running of the Marina and ensure a hassle-free experience for boat owners.

Technical specifications

1. GENERAL

1.1. Foundations

Reinforced concrete foundations from sound excavation, damp proofed and termite proofed as per engineer's specifications.

Substructure to be protected with cement sand render and 3 coats waterproof acrylic paint as per architect's specifications.

1.2. Superstructure

Reinforced concrete frame and floors, 200mm block work external walls as per engineer's specifications.

Palette of smooth and textured external cement sand rendering applied in 2 coats and sealed with base coat and 3 coats of high quality colour- fast anti-fungus emulsion paint, as per architect's specifications.

External facades feature thermowood treated timber slatted screens on g.m.s. framing for privacy and shading.

Feature walls will be clad in selected field stone with closed jointing, and painted with antifungal emulsion paint.

1.3. Roofs

Flat slabs will be insulated, inclined at 2% for water shedding, and waterproofed with liquid applied polyurethane membrane.

BS standard rainwater goods, gms fittings and pvc downpipes, integrated within building envelope.

2. APARTMENTS

2.1. Floors

Internal floors to large format rectified full bodied porcelain tile, laid with expansion joints and tight joints and grouting to architect's specifications.

Veranda floors to be suspended hardwood decking, Cumaru or equivalent, treated with non- penetrating oil finish.

2.2. Skirting

Generally internal skirting will be 90mm pre-painted treated timber. Bathrooms to have porcelain tile skirting 50mm.

2.3. Walls

Internal walls are 200,150 and 100mm blockwork, smooth rendered with gypsum skim coat and finished with washable water based non-toxic emulsion.

2.4. Ceilings

Flush plastered ceilings, taped joints and smooth matt skim finish, base coat and 2 coats matt emulsion.

Bathrooms ceilings in water resistant board with humidity proof acrylic paint.

Selected accent ceilings will be smooth rendered and off-shutter concrete.

2.5. Kitchens

Fully fitted and equipped custom designed kitchens with quartzite worktops and splashbacks.

All material and equipment to be certified moisture resistant and termite proof. Build and design from Italy

2.6. Bathrooms

Sanitary ware to BS standards with attendant guarantees. Tapware to BS standards with attendant guarantees.

2.7. Internal doors

Solid hardwood main entrance door.

Semi-solid internal doors, BS standard architectural ironmongery, timber veneer finish.

2.8. Storage

Proprietary built-in cupboards, sliding doors with veneer or vinyl finish build in design from Italy.

2.9. External openings

Powder coated aluminium profiles and laminated glass, certified for cyclonic loading and double glazing soundproof glass on selected openings.

2.10. Balustrades and Screens

Tempered glass frameless proprietary systems.

Treated hardwood framing and slats with stainless steel cables and ironmongery.

2.11. Lighting and power

Lighting and power installations integrated as per architect's and ID's specifications.

3. COMMON AREAS

3.1. Non-slip large format full bodied porcelain tiles and skirting.

3.2. Ditto for staircase with non-slip proprietary tread nosing's.

3.3. Treated hardwood handrail on g.m.s. brackets.

3.4. Passenger lift to 6 persons capacity with architect selected finishes.

3.5. Architect selected wall and ceiling lighting.

4. EXTERNAL WORKS

4.1. Boundary and security

Enclosed and secured site with field stone walls 3 meters and vegetated fencing.

Manned security post at main entrance, digicode/ intercom for secondary pedestrian entrances and CCTV points.
